

Welcome to the 2018 Spokane Boat Show!

We have a lot of new things in store for you at this year's show. Starting at the front door this year you will be greeted by some gorgeous fiberglass runabouts as well as some really nice jet boats and don't forget the pontoon boats, fishing boats, docks and accessories. There is something for everyone at this year's show.

This year's show is so big we decided to add another entrance. It is on the north east end of the main parking lot where we will have VIP parking up close to the building for just \$5.00 dollars plus your admission ticket.

Also this year to honor our active duty service men and women as well as our veterans, will have Military Monday where all military personal past and present get in for just \$ 5.00.

On Wednesday we will have Women on the water Wednesday. That's right, all the ladies only \$ 5.00 per person.

Thanks to Fins and Feathers in Couer d'Alene as they are hosting all the fishing seminars this year. These fellas know where to go and what to use to actually catch fish.

Take a break from winter and come in out of the cold to enjoy nine heated buildings full of all kinds of boats. Be sure you see it all whatever door you chose to come into the Boat Show.

Stop by and see Marks Marine in bay 4 for all you electronic fishing gear. Don't forget to register to win a one day boat rental from Hagadone Marine Center, a Silver Mountain getaway from Horizon Credit Union, or free tickets to Webb's Slough Jet Sprint Boat Races.

Hope to see you out on the water.

Scott
